ANNOUNCEMENT

Maritime-Ontario is excited to announce the promotion of **Tracy Huck** to Director, Solution & Process Engineering.

In her new role, Tracy will be designing new business processes and reviewing existing systems, while enabling change and streamlining automation. She will also oversee data governance and process compliance, as well as the development of **SOPs** and training material. Tracy's attention to detail and passion for the transportation industry will continue to support **M-O**® as we drive innovative solutions forward.

.....

CONGRATULATIONS TRACY!
